

# IMMUNARTES

INFECTIOUS DISEASE THERAPIES

## Job Posting – Research Associate Scientist

### About the job

Immunartes, LLC is an early-stage biotechnology company based in Chicago focused on developing vaccines and immune therapies against infectious disease.

### Position Summary

Immunartes, LLC is actively seeking a motivated Research Associate - Scientist to contribute to the preclinical development of our vaccine program. The ideal candidate will have either a master's degree or a bachelor's degree with 1-2 years of wet-lab experience. They should exhibit strong written, verbal communication skills, and have a strong willingness to collaborate effectively as a team member.

### Responsibilities

- Develop ELISA, western blotting, dot-blotting and other antibody based immunological assays.
- Execute protocols for the purification and analysis of recombinant proteins and antibodies.
- Assist in authoring SOPs, methods and technical reports.
- Maintain complete and accurate laboratory notebooks.
- Effectively communicate experimental design and results to supervisor and/or project teams.

### Qualifications

- BS degree in Biotechnology, Microbiology, Biochemistry or related life science discipline
- Industry experience or other wet-lab experience
- Prior experience with mammalian cell culture, ELISA and flow cytometry is a plus.
- Excellent organizational and verbal/written communication skills
- Initiative-taking and able to work on multi-faceted projects.
- Strong oral and written communication skill

### Working Environment/Physical Requirements

- Manual dexterity required to operate lab and office equipment
- Working environment is within laboratory equipped with biosafety cabinets

Immunartes, LLC requires all employees to be fully vaccinated against COVID-19 and its variants upon starting their employment. If you need medical or religious accommodation, we will work with you through the process. Proof of vaccination is necessary before your start date. Immunartes, LLC may also mandate vaccine boosters in accordance with accommodation laws.

We are proud to be an equal opportunity employer. All employment offers are contingent upon the applicant successfully completing a background screen.
